

The all-in-one solution for **length measurement**

\$627

MarCal 16 EWR-V | Universal Digital Caliper

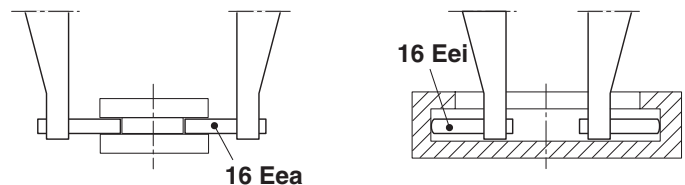

The MarCal 16 EWR-V digital caliper has all the standard features of the MarCal line of calipers; modern design, easy-to-read display and MarConnect capabilities. However, the MarCal 16 EWR-V comes with a tool kit of accessories to increase its measuring versatility. Along with the typical four measuring capabilities of a caliper, inside and outside length, depths and step height, the Marcal 16 EWR-V comes with a set of accessories. These accessories allow for measurement of recesses, grooves, threads, bores and serrations.

Features:

- High contrast digital display, with locking screw above
- Lapped guideway, with step measuring function
- MarConnect data interface
- Slide and beam made of hardened stainless steel
- Immediate measurements due to the Reference System
- Excellent resistance against dust, coolants and lubricants
- Dirt wipers are integrated in the slide
- The MarCal 16 EWR-V set includes:
 - Setting gage for inside measurements
 - Devices for setting measuring force
 - Depth measuring bridge
 - Anvils for inside and outside groove measurements

Application:

- Can be used as a standard caliper (four types of measurement)
- Standard accessories to measure recesses, grooves, etc.
- Additional accessories to measure threads, bores, serrations
