

# END OF YEAR SAVINGS

on inspection & measurement systems

valid from 11/20/2024 - 1/20/2025

## Improve your inspection capabilities for 2025 with savings in 2024!

**MANTIS IOTA, ERGO AND PIXO** **-20%**

Ergonomic, eyepiece-less stereo microscope designed to deliver high-resolution images.

Three different models of the Mantis Iota, Ergo, and Pixo microscopes are shown, each with a white base and a blue eyepiece-less design.

**SX Elite Range** **-20%**  
SX25, SX45 & SX80

A robust, high-quality stereo microscope designed for precision inspection, featuring excellent optical clarity and depth of field.

A black and silver SX Elite Range stereo microscope is shown, featuring a robust design and a large field of view.

**Lynx EVO** **-15%**

High-performance, eyepiece-less zoom stereo microscope that offers superior 3D imaging and magnification.

A white and black Lynx EVO zoom stereo microscope is shown, featuring a large lens and a zoomable eyepiece.

**EVO Cam II** **-15%**

A powerful digital microscope that delivers stunning HD imaging and high magnification.

A black EVO Cam II digital microscope is shown, featuring a camera lens and a digital display.

**Makrolite 4K** **-15%**

A cutting-edge digital inspection system that provides ultra high definition 4K imaging.

A Makrolite 4K digital inspection system is shown, including a microscope, a computer monitor displaying a 4K image, and a mouse.

**DRV-Z1** **-15%**

An innovative Digital 3D stereo inspection system that provides real-time, full high-definition 3D imaging without the need to wear headsets or goggles.

A DRV-Z1 digital 3D stereo inspection system is shown, featuring a microscope and a computer monitor displaying a 3D image.

**Swift PRO Series** **-15%**  
Elite, Cam & DUO

Advanced measuring systems designed for fast, accurate measurements and inspection, combining precision optics with intuitive software.

Three different models of the Swift PRO Series measuring systems are shown, including a microscope, a camera, and a DUO model.

**TVM Series** **-15%**  
20 & 35

Field of view measuring system providing rapid and highly accurate measurements with a simple click of the mouse.

A TVM Series field of view measuring system is shown, featuring a microscope and a computer monitor displaying a measurement.

Promo code: EOY2024

### Terms and conditions

- The promotion runs from 11/20/2024 to 1/20/2025. Orders must be placed by 11:59 pm EST on Monday, January 20, 2025.
- Geographic limitations may apply. Offers are subject to availability and only in participating regions.
- The promotion applies to sales of complete systems. A system is defined by a head, stand/stage, and lens. Power supply and controller/software may also be required for a complete system. OPTA, EVO Cam ICON, Swift PRO EDGE and Lynx EVO fixed magnification systems are excluded from this offer.
- Please mention the relevant offer and promotion, code **(EOY2024)** in all correspondences and when placing an order.
- Prices quoted, FOB New Milford, CT
- Vision Engineering reserves the right to alter or amend these terms and conditions and any other conditions applicable to an offer or promotion at any time.
- Promotion cannot be used in conjunction with any other promotion or special pricing.
- All systems sold through a Vision Engineering Distributor must be drop shipped and the discount passed onto the end user.
